From the Editor

Welcome to the second issue of the school's newsletter for the academic year 2020-21. I hope you all enjoyed reading the maiden issue of the newsletter published in August 2020.

The year is about to sign off and along with it half the academic year. As the pandemic continues to rage, it is incredible to reflect how our children have coped with the new normal, picking up new skills, acquiring talents and becoming tech-savvy. E- Learning and live sessions continue to take the centre stage.

In this issue, we chronicle some of our student's work during the last four months.

A CHRISTMAS CAROL
BY CHARLES DICKENS

This timeless classic reminds us that no one is bad, and that we are capable of changing our bad ways and behaviour.

It tells the story of a miserly old business man named Ebenezer Scrooge whose only joy in life is money. He has a change of heart when he is visited by the Ghosts of Christmas Past, Present and Yet to come.

Ring out the old, ring in the new,

The year is going, let him go;
Ring out the false, ring in the true.

Happy Harvest

The pandemic has not stopped the staff and school management from growing organic vegetables in the school garden. Before the pandemic, the children were very active in the garden so the staff and management didn't want their hard work to be in vain. They stepped in to maintain and look after the garden. They cultivated spinach, long beans, okra, snake gourd, brinjal, green chillies etc. After tasting the sweetness of the first harvest, it's time now for the second one.

When the children come back to school they will know that we have been waiting for them, preparing for them to return.

Merry Christmas & Happy New Year
